Planners Will Hold Meeting On Project

PLACENTIA — The Planning Commission will hold a special meeting tonight for final action on a use permit for a 232 unit condominium development on 19.16 acres at the northwest corner of Palm Drive and Rose Drive.

The action was continued from the last meeting in order to give the Recreation and Parks Commission a chance to further study the development as it relates to Arroyo Verde Park, which lies along the west boundary of the project.

The developer is proposing to integrate part of the park with a large green area in the center of his development. The commission opposed this on the grounds that the park was a wilderness park and thus not compatible with the project.

Recreation commissioners originally requested that a six-foot block wall be placed around the park and that no buildings over one story be allowed within 100 feet of the park.

These items were not accepted by the developer, who asked for more time to discuss them further with the commission.

In other action last week the commission approved site development for Tarbell Realty at the intersection of Yorba Linda Boulevard and old Yorba Linda Boulevard.

Commissioners also approved a request by the Placentia Mutual Orange Association to allow use of a portion of the roof for storage and cleaning of boxes.

Yorba Linda General Plan Hearings Are Continuing

YORBA LINDA — The City Council continued its weekly public hearings on the general plan last Tuesday night.

Criticism of proposed changes in the plan was made by Bob Johnson, who presented a new set of classifications for density areas. Johnson is opposed to the idea of developing large acreage lots in the future where present development shows 8,000 foot lots or under are in the majority.

Johnson felt that proposed changes in the plan made by Councilman George Machado would be inadequate for supporting the city's commercial development. Johnson favors the original general plan developed by Lampman with the addition of a central core of activity. This core area would be in the vicinity of Avocado St. parallel to Imperial Highway and extending south to Yorba Linda Blvd.

Vern Fredericks then addressed the city council with a list of questions in an effort to determine a conflict of interest among the councilmen. Fredericks' questions referred to an initiative petition for land use and zoning rights and a current lawsuit which seeks to overthrow a 1969 court decision that

Shown following swearing in ceremonies Monday morning are three new Placentia police officers and their wives, from left, Robert and Gail Jones, Nancy Ann and Kim Robert Redifer, and Darlinda and Joseph Thorn. The officers started work Monday.

Planning Commission To Review Zone Change

PLACENTIA — The Planning Commission will again hear a proposed zone change for the four corners at Yorba Linda Boulevard and Kraemer Boulevard from R-1 to C-1 requested by Bradford Bros., Inc. at its next meeting.

The present proposal is to change the zone on all four corners, amounting to eight parcels, amounting to 30 acres, but to develop only the southwest corner in a shopping center at this time.

The item was continued from the last meeting to allow commissioners and staff to study the possibility of applying the

town center zoning to the property. Town center is a more restrictive commercial zone approved several years ago with this area in mind.

Phillips Will Present Trade Plan

SANTA ANA — Supervisor William Phillips will present a plan for a land trade with the Anaheim Union Water Company to the Board of Supervisors today. Under the plan the county would get the Yorba Reservoir site in exchange for two parcels of surplus county property.

The reservoir, located in eastern Yorba Linda area in the county, has been designated as a regional park site with a rating of priority group three.

Because the present dam is still needed for flood control purposes, said Phillips, the Orange County Flood Control District should purchase the property. This would retain the flood control in the area and preserve the reservoir open space, he added.

Girl Is In Satisfactory Condition

PLACENTIA — A car driven by Linda Dorothy Burton, 16, of 1408 Richmond Drive, Placentia and a motorcycle driven by Carl Matthew Hanson of Orange collided at Yorba Linda Blvd. and Hamer Drive last Monday afternoon. Hanson's passenger, seventeen-year-old Karen Keefe of 1279 Montevideo Drive in Placentia, was seriously injured in the accident.

She suffered numerous leg fractures. Her condition was listed as satisfactory by a spokesman from St. Jude hospital early this week.

Board Approves New Classified Positions

PLACENTIA — The Placentia Unified School District board of trustees voted Monday night to spend \$147,093 for hiring new personnel already in the budget and to hold \$62,236 budgeted for new personnel until needed.

The amount includes \$18,000 for aides in the gifted program but does not include any money for a gifted consultant at this time.

Superintendent Dr. Murrell M. Miller explained to the board that there is not time to organize a gifted program in the state format and qualify for a full year's reimbursement.

The board decided to go with the program now being conducted locally by teachers and principals and possibly hire the consultant later in the year if the district can afford it at that time.

Board members also asked the administration to provide reports on absences, sick leave use, and overtime paid by the district and also asked for a comprehensive action plan from the

administration to reduce absenteeism.

Board members pointed out that of the \$147,093 authorized, about one-sixth will not be spent because part of the year is already past.

Last Friday afternoon the board approved the employment of Davis, Duhaime and Associates as the district's second architect to design and build the Topaz School. The architect was chosen after visits to projects designed by three architects last week.

Also last Friday the board put off until the regular meeting of September 13 discussion of ways to streamline board meetings so that all business can be taken care of at regular meetings.

Among the new positions filled were a state school building supervisor, a clerk-typist for the personnel department, an administrative secretary, a warehouse deliveryman, custodians, two groundsmen, a swimming pool mechanic and a new laundryman.

LAFC Continues Anaheim Annexation In East Area

SANTA ANA — The Local Agency Formation Commission will consider again October 27 a proposed annexation by Anaheim of 1862 acres north of Esperanza Road east of the Kraemer Ranch.

The proposed annexation originally came up last week but was continued to allow time for the commission to further study the 1969 policy whereby Anaheim would not be allowed to annex into the area.

Under the former policy, worked out in 1969 after a request from Anaheim and Yorba Linda for a determination of which areas in the Santa Ana Canyon were in each city's sphere of influence, Anaheim would be allowed to annex south of the Santa Ana River while Yorba Linda would get all the property north of Esperanza Road.

The policy was later amended to eliminate a county area designated for the Yorba Regional Park and

divided the area at the railroad tracks.

Yorba Linda has included the entire area under consideration for annexation in its general plan studies and claims the area as part of its sphere of influence.

Property owners in the area have requested that they be allowed to annex to Anaheim. Included is property owned by the Anaheim Union Water Company, part of the Yorba Ranch, and other smaller property owners.

Zone Change Accomplished After Battle

PLACENTIA — After several years of trying, landowners in the area of the northeast corner of Orangethorpe and Melrose won the first battle in their fight to change industrial zoning in the area to residential so that they could develop their property.

Last Tuesday evening the Planning Commission, following a one and one-half hour presentation by Attorney William Dannemyer and several development experts, reversed its long-standing policy that the 55 plus acres should remain in the industrial zone.

The area in question was zoned for industrial uses about eight years ago. It is generally bounded by Melrose, Crowther, Orangethorpe and the city boundaries.

The zone was changed from P-M industrial park zoning to R-3 with a trailer park overlay. The change now goes to the City Council for final action.

Yorba Linda Board Sets Meeting

YORBA LINDA — The Yorba Linda Library District board of trustees will hold its regular meeting Thursday evening, September 2 in the board room at the library.

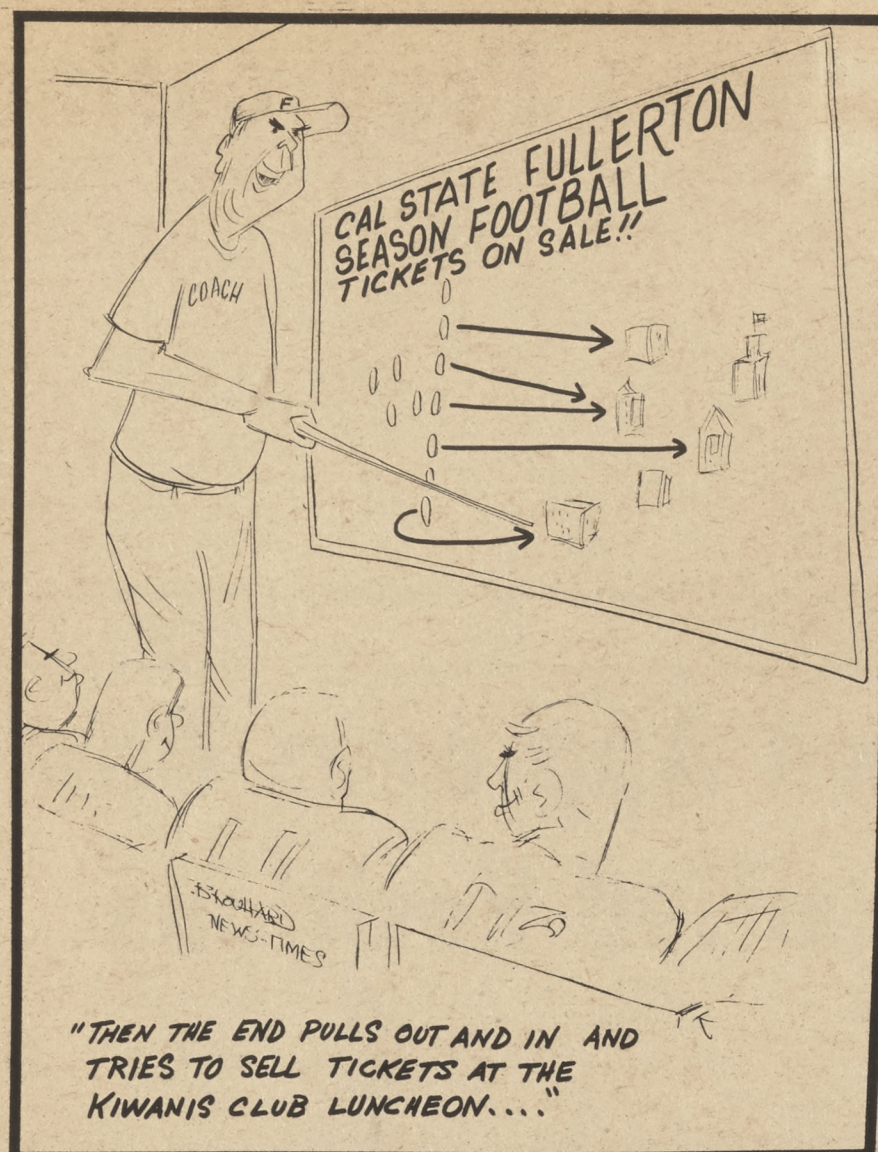

Major business of the meeting will be the setting of the tax rate for the coming year, both general and for the building fund.

Other agenda items include the schedule for the multi-purpose room, landscape plans for the building program and nomination petitions for the coming election.

Stolen Cycle Found During Routine Stop

PLACENTIA — In a routine vehicle stop early Saturday morning, Placentia police found that the motorcycle they stopped, was listed as stolen.

The driver, John Wayne Bierwirth, 24, of 738 Vine St., Anaheim, was booked in Placentia and taken to Orange County Jail.

Center Will Exhibit Local Artist's Work

"Weekends, a key to life in America," an exhibition of paintings by seven award winning Orange County women artists, will be shown at the Muckenthaler Cultural Center Gallery September 12 through October 2. The exhibition thematically celebrates individually and collectively the California weekend and features the work of Martha Bartholomew, Jean Horn, Elaine Kennedy, Helen McClain, Lee Mollicone, Sylvia Paulus and Corinne Shiminke.

Middle-class America, the stabilizing foundation of our society, is still concerned with the everyday process of "just getting along" people who at the end of every five days look forward to the weekend.

Orange County, as a suburb of one of the largest cities in America, is the logical prototype of what the suburban artist sees and records.

Pat Tighe To Serve In Iceland

Marine Cpl. Patrick J. Tighe, son of Mr. and Mrs. Paul J. Tighe of 1525 N. Bradford, Placentia, Calif., has reported for duty as a security guard at the Marine Barracks, Keflavik, Iceland.

Unlike the "new realist," this new breed of suburban artist is interested in realism only in regard to subject matter—capturing without sentimentality the local scene, celebrating a way of life at a certain point in time just as any historian would do.

The opening reception will be held on Sunday, September 12 from 4 p.m. to 6 p.m. and is free to the public. Refreshments will be served. The Muckenthaler Cultural Center is located at 119 Buena Vista Drive, Fullerton.

Law Requires Solicitors To Have Permit

Chief of Police Norman A. Traub reminds all Placentia residents that solicitors are required by ordinance to have a permit to operate within the city.

"The Placentia Police Department requests the cooperation of all residents in a joint endeavor to eliminate illegal solicitations in the City of Placentia. Whenever you are approached by a solicitor, ask to see his Placentia business license. If you are not satisfied that he possesses one, call the Police Department. They will issue a citation to persons soliciting without a valid license."

Williams Pushes For Better Administration

(Clyde Williams, author of the following article, is immediate past president of the Placentia Unified Education Association and a teacher in the Placentia Unified School District for nine years. He is leaving the district to accept a new position in Stockton.)

I challenge the Placentia School Board to restore public confidence in the Placentia Unified School District by launching an immediate search to bring to Placentia a District administrative team equipped to handle the complex educational challenges of the 70's. The Board should announce its administration replacement timetable now; otherwise, the administrative educational bureaucracy will continue to operate out of control. The new superintendent must be assured of the Board's support in establishing his or her administrative team, including finance, personnel, curriculum, and employer-employee relations specialists.

The charges of inept handling of District affairs leveled recently by a resigning School Board member and expanded upon by the President of the PUEA force me to ask why these charges have not been answered. These charges merit investigation by the Grand Jury or by professional organizations. However, the local District could avoid this type of controversy simply by announcing a replacement timetable and by establishing a procedure independent from the current educational bureaucracy to handle the announcements and processing of correspondence.

The District has a new School Board and new teacher leadership. Yet the maladies of misinformation and unresolved professional problems continue. The District Administration must stand indicted. It is the only group that remains unchanged. It is here that we must act to seek rapid and complete replacement.

An administrative internecine, bureaucratic warfare has been raging for two years. This power struggle is fed by the desire to control the superintendency of this District. The struggle has weakened the educational program in Placentia, because energy that should have been devoted to improving education has been employed in bureaucratic games of one-upsmanship and forming protective alliances to protect administrative positions.

The District Administration has failed to establish educational priorities. We spend too much money at the District level in nonteaching positions. District-level feather-bedding has top priority in our current budget.

District level administrators cover their bungling with double-talk and deception. This process has created the continuing crisis situation in Placentia. Our budget problems, our personnel grievances, and the recent "flap" about fringe benefits with the Board's representative are directly attributable to this process.

Our District has accepted without challenge the State Department of Education's suggestions concerning the proposed Program, Planning Budgeting System (PPBS). I am not satisfied that local control of our curriculum can be maintained if our District Administration fails to challenge or to allow debate about the basic assumptions of the directives coming from the State Department of Education.

The current District Administration has failed to communicate with or to understand the goals of the professional staff. Teacher proposals have been met with panic and paternalism. Our position has been distorted, and our views were blatantly disregarded. The District Administration clearly proved last year that it is incapable of handling the challenges facing the District, and that is why the Board must establish a replacement schedule immediately.

If the Board fails to act to restore confidence in the District, reduce administrative costs, establish educational priorities, and re-establish control of the administrative bureaucracy, then the citizens can act after January 1, 1972.

I am resigning after nine years in the district to become the Executive Director of the Stockton Teachers Association in Stockton, California.

Teachers To Return To School Sept. 7

There are no bells in Placentia that herald the opening of school. Teachers, however, will be quietly returning to their assigned posts September 7 at Valencia High School.

Dr. David Tansey sent a welcoming letter to all faculty members of Valencia High School, also

enclosing a preschool orientation program and a copy of each one's schedule.

The In-service schedule for teachers starts September 7 at 8 a.m. and runs through the day until 4 p.m. Classroom and lesson preparation will occupy the teachers on Wednesday, September 8 with a faculty meeting scheduled for 10 a.m. to 12 noon. As Thursday, September 9 is a holiday, Admission Day, no meetings are planned for the teachers, but they will be resumed Friday, September 10, again at 8 a.m., and proceed throughout the day.

The faculty meeting on September 7 will cover alphabetically from A through T a review, then discussion of first-day procedures will be held and schedules, with pertinent closing remarks.

The Home Ec room will be the place where department chairmen will meet September 9 at 9 a.m. for review of schedules, responsibilities of department chairmen, and a look ahead and closing summation.

When the student influx, some 2000 strong, hits the decks on September 13, it will be "Ship Ahoy, Full Steam Ahead" for a banner educational year, stated one person at the school.

Dr. Richardson Named Acting Vice President

Dr. Ivan L. Richardson, an authority on public administration at the state and local levels, has been named acting vice president for administration at California State College, Fullerton.

"I am delighted to have a man of Dr. Richardson's caliber and experience accept this position," said President L. Donald Shields in announcing the appointment, which is effective September 1.

Richardson succeeds Dr. John W. Trego, who has served as acting vice president during the past year with the understanding that he would be free to

return to his associate deanship in the School of Business Administration and Economics at the start of the 1971-72 academic year.

A nationwide search for a permanent vice president will be conducted in the coming year, according to Shields, who held the post before becoming president.

Richardson, a full professor, directs the master's degree program in public administration at Cal State and is past chairman of the political science department. He also is executive director of the InterAmerica Institute of the California State Colleges.

Residents of the area had requested help in getting the new numbers, since many of them are unemployed and could not afford them. Kiwanis agreed to supply numbers to those who needed them.

Heritage Festival Plans Progressing

A bonanza of activities, contests, events and surprises added to an already blossoming schedule of parades, picnics, community-sings, dinners and dancing was unfolded for the Placentia Heritage Festival Days audience this week as the festival's board of directors announced still more to come.

Tom Shipkey, vice president of the group said that new entries include an orange peeling and eating contest open to everyone and a presentation of authentic Mexican, Greek and Balkan dances in

costume to be held at Kraemer Park.

The orange peeling contest will be held during the family picnic and is open to all participants, Shipkey outlined. Entrants will each peel and eat an orange—with one hand firmly behind their backs. Competition will run into semi-finals and finals contests if necessary, he stated, so that everyone has an equal chance to be chosen the Appealing King and Queen of Placentia's Heritage Days Festival, 1971. The prize will be a treasury of delicious Placentia oranges.

VHS Seniors Scheduled To Host Festivity

Incoming seniors at Valencia have set tomorrow as the date of the second beach party for the summer.

Class president Mark Zielinski announced that the party will take place at one of Southern California's more popular beaches, Corona del Mar.

"We will meet at the Valencia parking lot at 11 a.m. and then we will go to Corona in a caravan. Anyone who does not have a ride will be furnished with one at this time," said Zielinski.

All seniors are asked to bring recreation equipment, wood, charcoal, and food. Barbecue facilities are available at the beach, or seniors may purchase food there.

Slated to end around 10 p.m., the party is not being sponsored by the school and partygoers assume all risks.

"We believe the contest is especially appropriate for Heritage Days," Shipkey outlined "since Placentia has been called The Valencia Orange Capital of the World."

Picnic partakers (October 2) also will be treated to an authentic, costumed dance presentation featuring Mexican, Greek and Balkan dances enacted by 30 costumed dancers from Placentia's newly established "Threshing Floor" under the auspices of dance authority Asimakis. The recital will be given on an outdoor stage to be set up in Kraemer Park, he outlined.

Other additions to the picnic announced at the Heritage Board's last meeting include a popcorn booth to be sponsored by

the Placentia American Legion; enchilada and rice booth, members of the Junior League of United Latin American Citizens; and the Placentia Fire Department Explorer's Post 770 which will be in charge of providing the utilities that will be needed at the picnic. Sponsors of the post are Captain Steve Brown, Captain Semma Williams and Dave Baughman.

The Placentia Heritage Days Festival will run from September 25 to October 3, Shipkey said and will be the seventh annual celebration for Placentia.

Genealogical Society To Convene Sept. 4

The Orange County California Genealogical Society will meet on Saturday, September 4, at 10 a.m. to 4 p.m. for the regular monthly workshop meeting at the Lemon Heights Baptist Church, 815 Esplanade, Orange.

Members are reminded to pick up their copies of the society Quarterly. The September 1971 issue represents the publication efforts of the newly elected editor, Leland Pound of Placentia. Pound is working in familiar territory since he is the editor of the News-Times. Mrs. Harry O'Hair of Costa Mesa, the former editor, did much toward the development of a very nice society publication.

Among the regular features of this magazine are the early Orange County birth, death and marriage records as well as the early probate records. Genealogical book reviews,

descent charts, and queries are a part of every issue.

Several unusually interesting articles are featured this time. One is entitled, "Some 49er's in Southern California"; another quotes from letter written in 1866 by William Heald telling about his life that spanned a 100 years. Mrs. Heald is the great great grandfather of Mrs. Cecil Marks of Santa Ana whose maiden name was Sharpless.

Charles Allen Smith, a Civil War Poet, and great grandfather of Mrs. Duane Lynn of Orange is another featured story. His poems written during the Civil War have a very patriotic tone that could be appreciated in today's troubled world.

Visitors are welcome at the meeting and experienced members will assist them in using the genealogical library, the surname index and assist them in filling out a pedigree chart.

Why Do You Suffer From Your Headache?

Fifteen million Americans suffer from headaches every day. Why? We approached Dr. Donald Brinkley of the Brinkley Chiropractic Center and frequent lecturer on the subject of headaches, on that big "WHY" regarding headaches.

"Well, technically, most chronic headaches are due to irritation and compression of the upper spinal nerves," the prominent doctor states, "But when you talk headache you could spend an hour discussing various technical and medical aspects and they'd still all boil down to one thing: Pain."

"But to stick with the 'why,' says Dr. Brinkley, you must realize that headache is part of the symptom complex in many diseases. However," he points out, "most chronic or recurring headaches at the base of the skull and upper neck are caused by irritation of the upper three spinal nerves."

Dr. Brinkley notes that the spinal nerves which supply the scalp may be compressed or irritated by a slightly displaced spinal segment which partly occludes the spinal opening through which the nerves exit the spine.

"This type of chronic headache at the base of the skull may radiate pain to the top of the head and the temples," says Dr. Brinkley. "It is usually accompanied by tender spots in the scalp, upper neck and at the base of the skull." He adds that it may occasionally be accompanied by dizziness and nausea and thereby confused with other types of problems.

"The upper three spinal nerves may also be irritated or compressed by postural decay of the upper spine," Dr. Brinkley notes. "In this case the scalp and neck

muscles are constantly pulled to a critical tension against the spine and skull...excessive and prolonged muscle tension compresses the delicate nerves which lie between the skull and the scalp muscles."

Dr. Brinkley is quick to state that all this talk of headaches is always overshadowed by pain experienced by the sufferer. "You can't do much for a headache by just talking. The person who has a painful headache, especially if it's a chronic condition, wants and needs effective treatment."

It should be remembered that all serious headache problems start with a first one, then another, then another until the condition is chronic. "Talk to a person who suffers from recurring migraine attacks and you'll seek effective treatment of your first headache," says Dr. Brinkley.

Of course, most of those 15 million daily headaches get a pain pill treatment. "It's so unfortunate the public is oriented this way," says Dr. Brinkley. "These self-treating habit forming potents are simply delaying final action on a headache. They offer only temporary relief and obviously do little if anything toward correcting the basic cause of the headache."

"Why" the headache? That question has been answered.

"Why not effective treatment?" That question is up to you.

Further information regarding this problem can be had by writing the News-Times, P.O. Box 10, 415 W. Chapman - News Times Square, Placentia, Calif. 92670.

Traub Compiles Report For 1970-71

Noted in various locations in the Placentia City Hall is a book titled "Placentia Police Department, Annual Report, 1970-1971."

The report was compiled by Chief of Police Norman Traub with the cooperation of his staff, and covers every facet of police activities.

The frontispiece is appropriately, "Law Enforcement Code of Ethics," which is a lesson each person should read and be proud to know.

Chief Traub in his letter of submittal of the report to City Administrator Edwin T. Powell, stated that many changes have been witnessed in the police department precipitated by the

resignation of Earl Coleman as chief, followed by Walter Pichon, appointed as acting chief, and on December 14, Traub himself coming as Chief of Police.

The report is both a calendar year and fiscal year report, and presents in detail the following sections: personnel; fiscal year; statistics; operations; training; community relations; goals; and lastly a poem "Man in Blue" from the pen of Betty Johnson of Rockford, Illinois.

When Norman Traub was to take office, he was presented to his department and to the citizens of Placentia, in one of the first events of its kind ever held.

It included review of "the troops" in Kraemer Park, presentation of his badge of honor as the new Chief, raising of the colors, and a reception in Backs Community Building.

His regime to date has witnessed a number of changes in the physical layout of the department;

his interest in all civic and social affairs; and acceptance of the public in his long range program of a fine upstanding personnel in the department.

The report contains, also, many pictures of past officials, present ones, and activities.

City Officials Urge Drivers, Pedestrians To Observe Rules

Gerald M. Hendricks, city engineer of Placentia, along with Chief of Police Norman Traub are asking drivers and pedestrians to watch for and observe the yellow traffic lanes now being painted by the maintenance crew of the city on all crosswalks, arterial highways and streets.

The double yellow lines must not be crossed to change lanes, stated

Hendricks, and the "turn-in" curves to businesses require extreme caution.

Speed limit of 25 miles per hour must be observed, said Traub, and complete stop made when pedestrians, especially children, are in the marked crosswalks.

No double parking for entering or leaving by children into or out of cars will be tolerated, it is understood.

While not living in the fantasy of The Wizard of Oz, said Hendricks and Traub, if everyone would follow "the yellow brick road," today's yellow traffic lanes, observe speed limits, and watch out for the other fellow, the 1971-1972 school year, opening soon, will be accident free.

CSF Chemist Given Grant For Study

A \$21,000 grant from the National Institutes of Health (NIH) to study metabolism in plants has been received by a California State College, Fullerton chemist.

Announcement of the grant receipt was made by Dr. L. Donald Shields, president, who said that Dr. David T. Bailey will research mechanisms of enzymatic hydroxylation reactions by the plant family, Amaryllidaceae.

"Main effort of the study," Bailey said, "will be to follow the step-by-step sequence by which daffodils are able to introduce hydroxyl groups into specific positions in molecules."

The assistant professor will be aided by two students, Dean Kearn and Jeff Velten. The project, as funded by the grant, runs for two years.

Bailey, whose doctorate is from Iowa State University, came to Cal State in 1969. He is a Fullerton resident. The recipient of a postdoctoral fellowship from NIH in 1969, he last year won a grant for work on a project similar to this plant metabolism study.

Progress Continues On Placentia Storm Drain Project

Progress continues on Placentia's \$1.3 million storm drain project. Through August 20, 13.4% of the project had been completed including work on Tuffree Boulevard and also on Yorba Linda Boulevard.

The following schedule for completion of the

project has been announced by Public Works Department officials:

The Tuffree Boulevard line is expected to be extended northerly from Yorba Linda Boulevard with completion to Bastanchury Road expected by September 15. Work will then continue on Yorba

Linda Boulevard easterly from Sapphire Road with completion to Kraemer Boulevard expected by October 4. Work will then proceed northerly from Kraemer Boulevard to Bastanchury Road with completion anticipated by October 29.

The contractor will then

proceed on the south side of the Tuffree Reservoir northerly to Golden Avenue and then continue in Golden Avenue east of Kraemer Boulevard and then northerly to the Placentia-Brea city limit by November 30. December 1, work is scheduled to begin on Placentia Avenue at Palm Drive and then continue northerly to Rospaw Way by December 23.

Beginning September 15, a second crew will be put to work on the project. This crew will begin working in the Santa Fe Railway right-of-way adjacent to the Orange Freeway and will proceed easterly, arriving at Bradford Avenue October 15. This second crew will then move south of

Crowther Avenue and proceed easterly from the Orange Freeway northeasterly to Crowther Avenue and Melrose Street, arriving in Melrose Street approximately November 2. Crew number 2 will then begin work on Orangethorpe Avenue and the Orange Freeway, and extension easterly to Melrose Street should be completed by November 12. Crew number 2 will then move northerly to Madison Avenue on November 15, and the Madison Avenue line from the Orange Freeway easterly to Bradford Avenue is scheduled to be completed by December 22. A northerly extension of the line in Bradford is expected

to be completed January 7 when the entire project should be substantially completed.

The above schedule may be modified if weather or other unforeseen conditions develop.

Public Works Department officials expressed sincere appreciation for the support of residents and motorists who have been affected by the project thus far. Although every effort is being made to minimize inconvenience to the public, some minor difficulties have been encountered. Anyone needing assistance as a result of this major project is invited to call the City Public Works Department at 528-1146.

Republicans Seeking 1972 Convention Help

Assemblyman John V. Briggs announced today that applications for volunteer and paid jobs at the 1972 Republican National Convention are now being considered.

Briggs said, "People in the 35th Assembly District who wish to apply may send a letter of request to my District office, 1400 N. Harbor Blvd., Suite 605, Fullerton. Letters should contain the applicant's background information, indicate if he is a volunteer or wishes to be paid, and in the latter case, the amount of pay desired.

"These applications," Briggs continued, "will then be forwarded to the National Republican Committee, who will personally contact job-seekers as preparations

for the Convention progress."

The 1972 Republican National Convention is scheduled for August 21 through 24, 1972, in San Diego.

According to Mrs. Bruce Yoakum, chairman, the Placentia Jaycettes have arranged to have pony rides and a 'Space Pillow' for kids of all ages at the Picnic at the Park during the Placentia Heritage Festival at Kraemer Park on Saturday, October 2, following the Jaycee sponsored Heritage Parade.

Family Meets To Honor Mrs. Mary Jones

Matriarch and pioneer of one of Placentia's oldest families, Mrs. Mary Jones, was honored when 60 members of her family met recently in Kraemer Park for a pot luck luncheon, games and reminiscent chatter of days gone by.

Mrs. Jones recently underwent major surgery in St. Jude Hospital, and for a time the family felt she would not make this birthday anniversary. She will be 81 in early September, and the children, grandchildren and great-grandchildren look forward to the annual party for her. As she remarked Sunday morning, "I am not as spry as in former years, but I am again healthy and happy, and will be at the park for the party."

Granddaughter Mrs. Ken (Nancy) Renard was in charge of the Sunday event, and reported that some of the relatives from other cities were unable to be present, but Clyde and Linda Lorentzen of Santa Rosa prolonged their vacation for a couple of days to be able to attend.

Aside from rearing her own family, Mrs. Jones was always available to help when called upon. She is still active in civic, cultural, and church affairs.

Bob Reynolds Reenlists; To See Germany

Army Specialist Five Robert L. Reynolds, 20, son of Mr. and Mrs. Otis M. Reynolds, 3036 Spruce Place, Fullerton, Calif., recently reenlisted in the Regular Army for four years in Germany.

Spec. Reynolds is a Crew Chief in Headquarters Battery, 4th Battalion of the 41st Field Artillery.

Community Attitude Survey

So far residents have been responding in large numbers. Co-Chairmen Maurice Pysner and Jim Eyre stated they are getting over 80% returns on the surveys which will be the most significant response on any survey in Placentia when all 3,000 forms have been distributed and returned.

All areas of Placentia, including the new Atwood area, are being surveyed by the Jaycees with an assist from the Placentia LULAC. The Jaycettes, the Jaycee wiv's auxiliary, have also pitched in and helped canvass a few areas.

While most of the questions are of the yes/no type, there are several questions of special interest on the survey. What do you like about Placentia? Dislike? What could be done to improve our community? The Jaycees are also interested in those young men who are interested in doing something to help improve Placentia.

Surveys will be distributed throughout August and the first part of September.

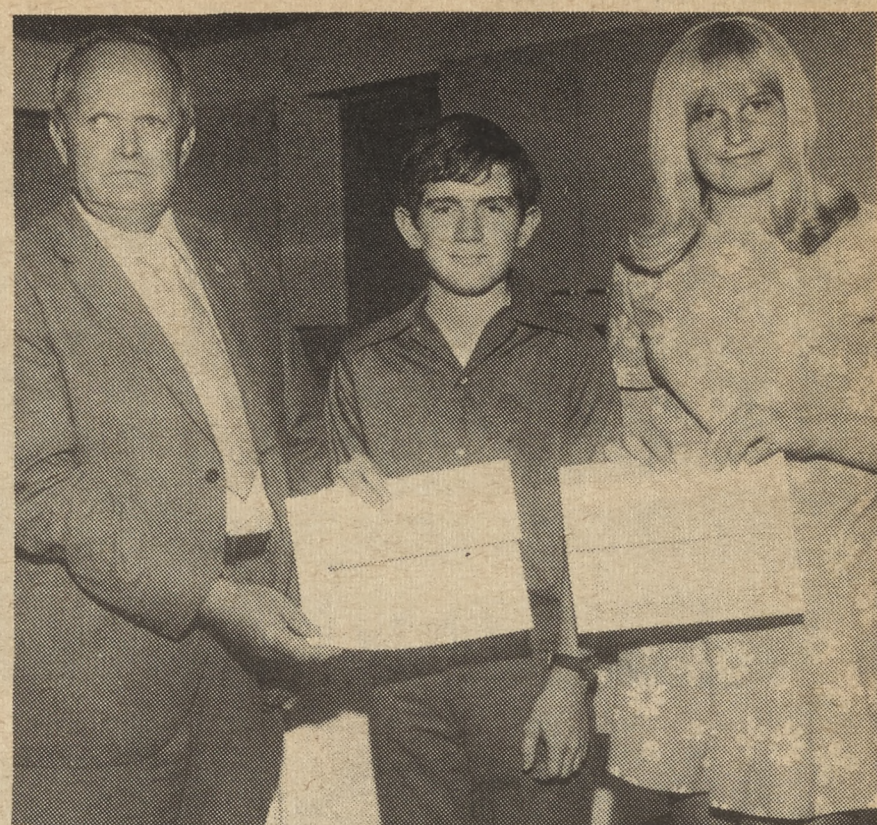

Parks Dept. Plans New Tree Farm

No crystal ball is used to foresee the future of Placentia by Dick Samp, director of parks and recreation, but he visualizes many things that will help beautify the city as well as be a cost saving method.

Since all tree planting for parkways and parks rests with Samp and his co-workers, he, now, hopes to have a tree farm, where various species of trees can be planted, nurtured and developed in a study of what trees are best suited to climatic conditions and soil of this area.

Also, flowers that can be used for decorative purposes when needed could be grown.

This tree farm is to be located on the premises of the operations yard when it is moved to the new location on Orangethorpe Avenue as a part of the whole master plan for the civic center.

Ivan Smith of the Placentia-Yorba Linda Lions Club presents scholarships to volunteers Lynne Hooper and Walter Abell. Both were honored for the work in the Yorba Linda summer recreation program.

Law Enforcement To Be FJC Topic

Adults interested in learning more about law enforcement and the problems faced by modern law enforcement agencies will have an opportunity to do so this fall in a special class being offered at Fullerton Junior College.

A class titled Law Enforcement and the Layman which carries three units of regular college credit has been designed to acquaint the layman with the law enforcement function and to give him a better understanding of his duties and responsibilities for law and order in contemporary society. The class will meet on Thursday evenings for three hours starting on September 16.

Frank T. Post, instructor for the class, pointed out

that the course will include such topics as an overview of crime and the maintenance of social order; the private person's role in crime prevention; traffic and vice laws including gambling, prostitution, and pornographic materials; narcotics and drug abuse; and civil disorders and special community problems. He added that the Law Enforcement Advisory Committee for the College strongly supports the development of such courses.

In addition to Post, a number of professional law enforcement officers including area chiefs of police will teach special sessions of the class bringing first-hand information on law enforcement and the layman.

Sign Editorial

To the Editor:

I was happy to read your editorial in the August 18, 1971 issue of the News-Times and even happier to read the one in the August 25, 1971 issue. It is refreshing to know that a newspaper that I enjoy very much is willing to speak out.

My husband, myself and three daughters moved to Placentia seven years ago. We loved the country atmosphere because we had previously lived in a small town in Pennsylvania, but we realized that soon we would have to lose some of it because of the population growth and the need for businesses. We live in north Placentia and I have been hoping and waiting for a nice shopping center to arrive. I do shop as much as I can in Placentia, but the shops are small and cannot compete with the prices of the larger department stores. Needless to say, I, as many other housewives, have to look for the best buy. Why do I have to go to Fullerton to do most of my shopping? Why is the Placentia branch of my bank in Fullerton? It makes me sick to think I can stand on the corner of Bradford and Yorba Linda Blvd. and just throw my money into Fullerton (especially when the center was planned for Placentia, then somebody changed their mind). Our taxes just keep going up and up with no help in sight.

I've heard the excuses, well, we want to keep Placentia a residential area. It is so lovely living here!

Ordinance

To the Editor:

The following merchants in the city of Placentia applaud wholeheartedly your editorial regarding Placentia's sign ordinance. We also resent the obvious bungling of the planning department in this matter and we concur with your conclusions that the end result will be many merchants moving out of town, and the high loss of sales tax revenue will result in increased property taxes for the residents of Placentia.

Letters To The Editor

Well, our beautiful Placentia is now being taken over by condominiums and apartments. I would rather have the doggone signs if I had a choice. But, I am just a taxpayer and I guess I have no choice. If we do protest no one really listens. I have almost cried watching the trees being cut down and knowing it's either a condominium or more houses. Who is going to live in all these dwellings? With so many people out of work, I see houses going up for sale everywhere. Why can a condominium be permitted to built when the builder soon goes bankrupt? Doesn't the Planning Commission and City Council check the financial situation before they begin building? I just hope we don't end up living in a distressed area.

We received our tax notice a while back and once again we will be paying a higher tax than last year and the year before and etc. . . Why doesn't the city help to relieve this tax burden? I hate losing the trees but I'd

rather see some commercial growth instead of condominium growth. Was this also part of the Master Plan?

When we complained several years ago of our taxes being so high we were told, "You live in the prime area of Placentia." We naturally assumed we would have a beautiful place to raise our children. Take a drive some day along Golden Avenue and see our "prime" area. Where have all the orange groves gone? One condominium, in the process of being built, has gone bankrupt. Two more condominiums are planned for Golden Ave., one will contain 365 units. Homes could have just as easily been built there or a small shopping center. Zone changes are made every day.

I'm sure there will be many complaints because of my views but I also know there are many that feel as I do. I do not want to move, but I no longer smile when I enter the city of Placentia. Mrs. Donna Venanzi Placentia

Bob-Etts Appreciate Coverage

To the Editor:

On behalf of the entire board of directors of the Placentia Bob-Etts, I would like to thank you for the outstanding coverage you have given us this past season.

Mrs. Puettman has commented numerous times about the cooperation and help she has received from Marie Schmidt, and we certainly thank her.

I know it was a thrill for so many of our girls to read their names in print. Looking forward to your continued support again next year.

Sincerely,
D.M. Owens, President
Bob-Etts of Placentia

Child Writes On City

To the Editor:

Just a little something to add to your paper in the sight of an eight-year-old as to our town, her home. I found this on my kitchen table after my granddaughter had been to spend her weekly weekend recently.

Mrs. Lenore Varner
Yorba Linda

Yorba Linda, this is a beautiful town. We have good air and lots of sunshine, the people are friendly and good neighbors. We grow lots of avocados and our town is known to be the avocado capital of the world. We have the first tree that was brought to the U.S. from Italy. It is in our yard. Our town has a good school system. The teachers are in close contact with the boys and girls and also our parents.

We have parks and horses to ride. We also have lots of wildlife almost in our back yards. There is a large amount of oil produced here but it is controlled so it does not harm us. The people that run our town fight fires and help our neighbors.

Our town is my home and I love my home which is the home where our president was born.

Ken Sparks Thanks Paper For Coverage

To the Editor:

The Yorba Linda Recreation Department owes a debt of gratitude to you and your paper for your immense help this past year.

One of our biggest problems is letting the people of the community know what is taking place in our program. Without your aid in this matter that task would be impossible. Because of your great assistance in announcing the activities, most of those difficulties have been overcome.

Your help and cooperation is deeply appreciated.

Sincerely,
Ken Sparks

New to our neighborhood is the Pizza Hut at 2931 Nutwood, Fullerton.

The specialty at the Pizza Hut is pizza, naturally, but spaghetti, chilled salads, several kinds of sandwiches,

and soft drinks, as well as beer and wine, are also on the menu.

Both counter and table service are offered and a convenient take-out service is also available. All sauces are blended, cooked and simmered daily in Pizza Hut's own kitchens.

Brad Henderson and Charles F. (Chuck) Quinette are partners in the ten locations. The Fullerton location is the ninth, and last week a tenth Pizza Hut was opened on Tustin Avenue in Santa Ana.

Mr. and Mrs. James P. Arnoldt

Stephanie Irot Weds James Arnoldt

Solemn Nuptial Mass united in marriage Stephanie Ann Irot and James P. Arnoldt Saturday, August 21 in St. Joseph Catholic Church with the Reverend Dennis O'Neil officiating.

Father O'Neil came from his parish in Santa Ana to perform the marriage, as he is a close friend of both the bride and the bridegroom.

The bride is the daughter of Mr. and Mrs. Peter Irot of Placentia, and the bridegroom, the son of Mr. and Mrs. Charles Arnoldt, also of Placentia.

The bridal gown was of white silk shantung, scoop neck, with princess line style, Juliet sleeves, and a chapel length train. A finger

tip illusion veil with Juliet cap, all trimmed with venetian lace completed the bridal ensemble. Cascade of mystery gardenias, baby blue breath, and stephotis with white streamers was carried by the bride.

Sister of the bride, Barbara Irot, acted as Maid of Honor. She was dressed in turquoise blue, styled identical to that of the bride, and she wore a headpiece of pearls and net. Yellow roses, carnations and pompoms cascaded in her arms as a bouquet.

Carolyn Arnoldt, sister of the bridegroom, was identically gowned as the maid of honor and carried a similar bouquet. Little Miss Anna Marie Gurneal of

Yorba Linda was flower girl. Her floor length dress was made of turquoise chiffon. Her flower basket was filled with yellow roses, carnations and pompoms.

Kevin Irot, the 12-year-old brother of the bride, read the scriptures at the mass, and serving as best man was Paul Arnoldt of Palo Alto. Ushers were Scott and Bruce Irot and Robert Arnoldt, all of Placentia.

The brides' mother was dressed in a floor length pink, bell sleeved polyester with pink embroidered chiffon tunic. She wore a white large brimmed hat with white gloves and shoes and carried on her purse a white orchid.

The bridegroom's mother wore a jeweled trimmed pink dress of street length. She, also, had an orchid.

Following the Mass 150 guests gathered at the Placentia Round table for a reception. Mrs. Charles Arnoldt, Jr., was at the guest book, and Mrs. Ralph Morton, assisted in the dining area.

A honeymoon in Northern California and Canada for two weeks was planned by the bridal couple, and upon return will make their home in Placentia in the El Camino Apartments.

Pfc Scott Irot, USA flew from Ft. Myers, Va. to serve as usher for his sister's wedding.

Mrs. Arnoldt is a graduate of Meritt-Hutton High School and Western State College, both in Colorado. Mr. Arnoldt is part time employee of the Placentia Unified School district and is attending California State College at Fullerton.

Rhonda Hand Weds Teachenor

Rhonda Lee Hand and Gerald Allen Teachenor recited their marriage vows Saturday, August 21 at First Presbyterian Church, Placentia, with Reverend C. Thomas Lane, as officiant.

The bride is the daughter of Mr. and Mrs. Richard G. Hand of 1814 Hamer Drive, and was graduated from El Dorado High School and Fullerton Junior College.

The bridegroom is the son of Mr. and Mrs. Lewis G. Teachenor, also of Hamer Drive. He is a graduate of Valencia High School, Fullerton Junior College and Northern Arizona University. He is in Forestry management in Texas, where the bridal couple will make their future home.

Baskets tied with satin ribbon containing white gladioli and stocks graced the altar at the church.

A gown of Dacron polyester organza 3d lace beruffled with Empire bodice, long sleeves to the wrists, high neckline with antique pearls borrowed from her grandmother was the bridal dress. A Watteau Chapel length train, gathered head piece of softly looped organza resting on a soft pillow floated over the bridal gown. A styled bouquet of white gladioli completed the bridal ensemble.

Diana N. Taylor of

Anaheim was Maid of Honor, and wore a floor length gown of green nylon trimmed in 3d lace, Empire bodice, long sleeves cuffed at wrists and high neck. Her flowers were white cascade style gladioli.

The bridesmaids Nancy L. Teachenor and Renita Hand were dressed identically as the Maid of Honor.

Best man at the wedding was William G. Syult of Claypool, Arizona and ushers were Robert Hand, and William Grant of Placentia, Michael Coolidge of Fullerton and Phillip Fredericks of Riverside.

Peach colored sheath with matching nylon coat and matching accessories, a corsage of white pompoms and daisies mums corsage completed her gown of the bride's mother.

The bridegroom's mother wore a gold colored sheath with matching lace coat and accessories and a pompom corsage finished her costume.

The reception was held in the church patio with 200 guests in attendance. Assisting were Mrs. William Smith, gifts; Mrs. Michael Coolidge, guests book, and Mr. and Mrs. Steve Schnable, Mr. and Mrs. Jerry Schnable and Mrs. Joe Meck.

The honeymoon trip will

take the couple through the southwest with the destination their future home in Linden, Texas. For her traveling dress the bride wore a light blue dacron polyester with lavender flowerprint and front white

bib and tied bow in the back.

Special guests were Mr. and Mrs. J.C. Donahue, grandparents of the bridegroom and Mr. and Mrs. A.E. Butler, grandparents of the bride.

Mr. and Mrs. Gerald Teachenor

Looking Outdoors

by Jim Niemiec

The dove season got underway on a better than average note as scatter-gunners, in most areas of the southland, were able to bag near limits of the fast flying targets. As usual the Imperial Valley was good as were stretches along the Colorado River.

This coming holiday weekend will also be good for hunting, especially in the Owens Valley, unless a cold front moves in and forces the migrating dove down south of the border.

The limit on dove is 10 per day and 20 in possession after opening day. Shooting hours are from one half hour before sunrise to sunset.

The first half of the dove season runs through September 30, with the second half of the season starting November 27 and running through December 12.

SAGE HEN COUNTS DOWN FROM LAST YEAR

Upland game hunters who are willing to work very hard for their game will enjoy fair shooting come the opening day of sage hen season on Saturday.

Officials say that bird counts are down by at least 50% in some areas in comparison to last year's survey. Some of the best areas are around Crowley Lake, Bodie and some arid areas around Bridgeport.

The limit on sage hen is two (2) per season, per hunter. The good eating birds average about 3 pounds apiece, with the larger cocks running to 7 pounds. The birds flush very easily and are hard to bring down once they are airborne.

Best bet is to shoot the birds with 12 gauge shells, loaded with no. 4 shot, in a magnum load.

DEER OUTLOOK BRIGHTENS

The outlook for the opening of the inland deer season is good according to fish and game wardens making on the spot counts. There are a lot of deer in the Sierras as compared to past years, and the buck count is the highest in more than 5 years. The reason for the encouraging outlook is the good feed and water conditions existing in the high country.

The Eastern High Sierras will produce a good number of small legal bucks (forked horn or better) during the opening weekend, but hunters trying for trophy deer will have to wait for the big racks to move down from the high country on their migration to Nevada.

The Cleveland National Forest will offer fair hunting this season, but nimrods are warned to be very careful of fire. The hot weather of late September and early October will be the enemy of both the hunter and the forest. Check with local rangers for areas closed to hunting due to the high fire hazard.

Most of Orange County hunting is one private land, but the few open areas in adjacent counties should produce a few nice deer.

DUCKS UNLIMITED DINNER SET FOR ORANGE COUNTY

Some of the raffle and auction prizes include: shotgun, lab puppy, shotgun shells, scope, hunting clothing, hunting trips, antique decoys and many other valuable prizes. The prizes are all donated by local sportsmen, businessmen and manufacturers, and additional prizes are welcomed by the Orange County committee. FJC Ticket Campaign Extended To Sept. 17

Predictions of the toughest South Coast Conference football race ever has prompted Fullerton Junior College officials to extend their 1971 season ticket sales campaign.

Season tickets will be sold at the Campus Bookstore through September 17 from 8 a.m. to 4 p.m. Season ticket prices range from \$14 for club level box seats to \$12 for terrace level seats. The Fullerton JC squad play all home games at Anaheim Stadium starting at 7:30 p.m.

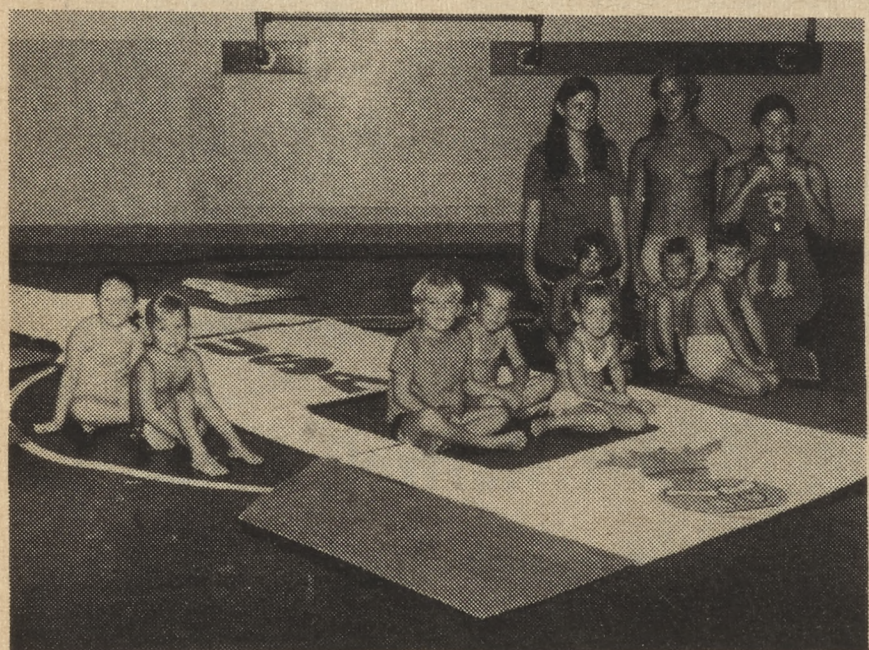

Fullerton opens this season's non-conference schedule at Anaheim Stadium, September 18 against Metro Conference powerhouse Long Beach City College. The Hornets then take to the road encountering Santa Monica City College, September 25, and then El Camino, October 2.

Returning home to the Big A on October 9 against Santa Ana the Hornets will begin what FJC head coach Hal Sherbeck describes as the "most demanding conference slate in the

history of the South Coast Conference." Sherbeck commented that Santa Ana, because of their improved recruiting boundaries, will have a stronger squad. Orange Coast has quarterback Gary Valbuena returning, Mt. SAC and Cerritos secured new head coaches, and of course the two San Diego teams are always tough. He added, "We already play in what is probably the strongest conference in California. Add to this our non-conference schedule this year and you have all the ingredients for a season of exciting football battles."

Coury will have most of last year's 6-4-1 team returning and feels he will be even stronger offensively than last season.

City Woman's League Open For Members

Openings are still available in the Recreation and Parks Department's Women's Bowling League. The league bowls on Wednesday mornings at Carter Bowl in Fullerton with league play starting at 9:15 a.m. beginning September 15.

This is the third year for the league which accommodates the beginning bowler as well as the more advanced bowler. Fourteen teams will be scheduled to participate this year.

All team members bowl and receive a handicap based on their ability. This system tends to balance on teams.

Child care is available at the bowling center if desired. Any women interested in participating in a fun league should contact Joan McGilvray at once by telephoning 528-3424.

Mike Ernst will lead the attack as quarterback for the Titans. Ernst gained over 1700 yards in the air in the 1970 season and was also a fine running back.

Ernst's main target will be wide receiver Tyrone Perry who was Fullerton's 1970 leading scorer. Ernst will also look to junior Stan Chapman who will lead the other half of the aerial attack.

Tailback Terry McIn, who was named to the All CCAA team in 1970, will return. McIn gained over 800 yards last year and will lead a much improved backfield.

Also on the All CCAA team was returning letterman Don Crtalic. Defensive end Crtalic was the Titan's sparkplug to a tough defense.

Hopeful JC transfers are offensive guard Greg Howitt, defensive tackle Brian Wofford, fullback Robin Denton, and freshman quarterback from

La Puente High School, Dan Cariaga.

Fullerton will have five home games this season, three at Anaheim Stadium, one at the Santa Ana Bowl, and one at the LA Coliseum.

Season tickets are \$15 for the public with all seats reserved except for the opener. Tickets can be purchased by writing to Football Tickets, Associated Students, Cal State Fullerton, 800 N. State College Blvd., Fullerton 92631.

September 3 Is Last Day For Parade Entry

September 3 has been set by the Placentia Jaycees as the closing date for acceptance of entries for the Seventh Annual Heritage Parade.

The parade and picnic in Kraemer Park on Saturday, October 2, will highlight activities during the week-long Heritage Festival.

The interim period from entry close to the parade is needed to establish the line-up of the more than 100 anticipated entries, to mail position numbers and final instructions to entrants and to print the parade program.

This year's parade promises to be more exciting than ever before for

participant and viewer alike. Entry forms returned to date indicate greater youth involvement through bands, majorette groups, drill teams and youth floats. Many equestrian units, both individual riders and mounted groups will perform in 10 different categories during the pre-judging show prior to the parade. Clowns and motorized drill teams in addition to civic and commercial floats round out the entries for this year's parade.

Individuals and organizations who wish to participate but have not yet returned their entry forms are asked to contact Bernie Radza (524-0314) or Steve Rosina (524-5538) to guarantee a position in the parade.

Gisler Begins Career With Reserve Program

From the benefits of individually-designed reserve programs, local police departments have been able to draw some of the finest material for the ranks of their career personnel. Patrolman Roger C. Gisler of the Placentia Police Department is just one example of the many men who have begun their police service in a reserve capacity before eventually going on to make it a full-time career.

Gisler, 35, a former Officer-of-the-Year, was born in nearby Los Angeles and was graduated from Oxnard High School in 1954. He served as a member of the U.S. Air Force between 1955 and 1958 where he specialized in work with airborne radar. Following his military service and immediately prior to his joining the force of the Placentia Police Department, Gisler was employed by the Autonetics Division of North American-Rockwell as a Radar Research and Computer Circuits Technician.

Becoming a member of the Placentia Police Reserves in 1965, Patrolman Gisler was appointed as a full-time regular member of the Department 15 months later and assigned to the staff of the patrol division.

Harmening Involves Himself With Youth

One of the central themes of modern law enforcement community relations is involvement. Today's officers must not only perform routine police duties, but they must also become involved in the total life of the community they serve.

Police involvement is one of the key interests of Patrolman Lew Harmening of the Placentia Police Department. Through his course work in police science at Fullerton Junior College and his functions on the department staff, Harmening is helping to find new and more effective ways of getting policemen involved with the public they serve.

A three-year veteran of the Placentia Police Department, Harmening, 31, also claims special interests in finding solutions to juvenile problems and working with young people... other forms of involvement. Part of his contact with local youth, for example, has included his assignment to the School Safety and Crossing Guard patrols for the current school year.

Born in Michigan, Harmening and his family came to Orange County in 1953. He attended La Habra schools before serving with the U.S. Navy for four years as a Sonarman. Fifteen months of his Naval career were spent in operations with a special task force in the West Pacific.

Joining the staff of the

Since joining the department, Gisler has served in the capacities of Bicycle Safety Program Director, Assistant Bicycle Safety Director, and member of the Equipment and Communications Committee. In recognition of his service to the Department and the community, he was named to the coveted title of Officer-of-the-Year in 1968.

Forkey Serves As Patrolman

In addition to fulfilling his duties as a patrol sergeant for the force, Sgt. Mike "Bob" Forkey, 43, also serves as a firearms instructor, rifle, pistol and shotgun instructor, hunter safety instructor, and a home firearms instructor.

On the other side of the coin, however, besides being a teacher, the first Placentia Police Officer-of-the-Year (1965) is also a student himself, completing work towards his A.A. degree in Police Science at Fullerton Jr. College.

Born in Denver, Colorado, Forkey moved to the Los Angeles area in 1936 and graduated from Huntington Park High School in 1949.

Placentia Police in 1968 and assigned to the Patrol Division, Harmening has also been selected as a member of the Department's Communications and Equipment Committee.

Harmening and his wife, Gail, presently make their home in La Habra with their three children: Christopher, 7; Carrie, 6; and little Kathleen, 2.

Art Hartzell Becomes Newest Dept. Member

A good portion of a new patrolman's first months on the job are spent in attendance at the Orange County Police Academy where he receives his "basic training" in modern law enforcement theory and practice. Arthur G. Hartzell, the Placentia Police Department's newest member, is no exception. He is a member of the Academy's current class of new peace officers.

Hartzell, 27, comes to the ranks of P.P.D. from the Whittier Police Department where he performed the duties of jailer. While with Whittier, he also attended the Los Angeles Sheriffs Academy for Correction Officers.

Supplementing his varied academy training and actual on-the-job experience as an

Patrolman Gisler is presently completing work towards his Associate In Arts degree from Fullerton Jr. College in Police Science. His organizational affiliations include the California and Orange County chapters of the Peace Officers Association.

Gisler resides in nearby Yorba Linda with his wife, Marilyn, and the couple's five-year-old daughter.

After serving in the U.S. Navy for nearly four years as a radar operator, Forkey came to Orange County in 1961 and joined the staff of the Placentia Police Department two years later, assigned to the patrol division where he has remained ever since.

Forkey's duties on the force have included serving as a watch commander, chief of the warrant detail, rangemaster, and acting as chairman of the department's uniform committee. In addition, he also holds memberships in the California and Orange County Peace Officers Associations, the Orange County Employees Association, Board of Directors - Placentia Employees Association, California Warrant Officers Association, National Rifle Association, and the Brea Gun Club.

Sgt. Forkey and his wife, Irene, reside in Placentia with their five children ranging in age from four to 22 years. The two eldest sons, Vern 22, and Jimmy 21, are both presently serving in the U.S. Army.

Among his hobbies, Forkey lists hunting, target-shooting, camping and fishing and "just plain relaxing."

officer, Hartzell is also receiving education in law enforcement through the benefits of specialized Police Science courses offered at Rio Hondo and Fullerton Jr. Colleges.

A U.S. Air Force veteran, Hartzell was born and raised in the Los Angeles-Inglewood area before moving to Pico Rivera where he has resided for over 11 years. He attended schools in Hawthorne and Pico Rivera and was graduated from El Rancho High School, Pico Rivera.

Patrolman Hartzell makes his home in Pico Rivera with his wife, Linda, and their two daughters, Dann Louise, four, and Shana Lin, aged one year. He joined the Placentia police force last November.

Explorers Complete Preparedness Course

The Placentia Police Explorer Post No. 910 just completed a six-week training course for emergency preparedness. Twenty-three Explorers from the Placentia Police, Placentia Fire, Brea Police and Fullerton Police Explorer Posts received certificates of completion at the end of a mobilization search and rescue operation held the weekend of August 28 and 29.

Training held two nights a week includes first aid (those who passed the first aid portion of the test will receive a Red Cross Standard First Aid Card), military drill, communications, police weapon safety, rescue, fire prevention, artificial resuscitation (with practice use on Rescue

Annie), traffic control and search techniques.

The mobilization, the date and time of which was not known to the Explorers, was an exercise to put what they learned in class to practical use and will also involve the Placentia Fire Department.

Also awarded at the mobilization were three trophies: best academic, best physically fit, and best overall Explorer. The selection is based on testing, with the overall Explorer selected by the Explorers themselves.

The training program was under the direct supervision of Agents Dave Barr and John Ema of the Placentia Police Department. Other instructors, experts in their respective fields, included Sgt. Bob Forkey and Dispatcher Sally Dausch from the Placentia Police Department, Captain Semma Williams and Captain Bruce Hunt of the Placentia Fire Department and Explorers Lt. Wiggins, Lt. Hundley and Bill Simpson.

Ironically as many situations are, her friend and neighbor, Miss Bonnie Balducci, 16-year-old daughter of Mr. and Mrs. John Balducci, 4861 Hamer Drive, Placentia, entered St. Jude's the same day, also for minor surgery and returned to her home on Sunday, August 29. Both girls are recovering very nicely.

FJC Offers Adult Education

Any adults who missed out on their high school diploma and are now interested in earning the high school diploma through the Adult Education Division of the Community College District of North Orange County may do so by enrolling in the fall classes, according to Donald L. Kennedy, Director of Adult Education.

Any person interested in earning a high school diploma should call the Adult Education Division at 870-4990, extension 27, for additional information and for a counseling appointment. All students who register in these classes must have a counseling appointment prior to enrolling, Kennedy said.

The counseling

conferences are scheduled in the evenings at the District Education Center, 1000 North Lemon Street, in Fullerton, and counseling sessions are now in progress.

Persons who wish to have their counseling interviews with a Spanish-speaking counselor regarding any of the adult education classes can arrange for such an appointment by asking for Mrs. Alfaro any time between 8:30 a.m. and 5:30 p.m.

Special consideration

toward a high school diploma is given honorably discharged veterans, who have served a minimum of one hundred eighty-one days, Kennedy pointed out. Students who qualify under this provision should call it to the attention of the counselor.

The regular fall term for students taking classes leading to the high school diploma starts on Monday, September 13, and continues throughout the first semester.

Members of the Fullerton Junior College adult education sewing class show director Donald Kennedy some of the clothes they have made. From left are Dorothy Long, Alicia Madara, Amanda Drzanek, Emeline Castillo, Ernestine Rodriguez, Hermina Blanchet, and Margarita Hernandez.

School District Sends Letter

The Placentia Unified School District has sent a letter over Superintendent Murrell Miller's signature to all parents and patrons of the district outlining the various cuts which have been made over the summer to balance the budget.

Curtailments listed include adherence to board

policy on class size at 30 pupils per teacher at kindergarten through third grade, 32 per teacher at grades four to six, 30 to one at intermediate school and 28 to 1 at high school.

Others listed include reassignment of five music teachers, cutting of equipment and air

conditioning, reducing maintenance to a minimum, strict adherence to busing distances, reducing psychologists, nurses and other supplementary personnel by about 40 percent, freezing salaries of all personnel, and not filling new positions until funds are available.

Mrs. Guffin Honored With Shower

During their stay, Volick planned and executed a very successful surprise birthday wife for his wife Lucy on Wednesday evening. Guests came with various delicacies

they had prepared for the party and also with gifts for the guest of honor. Lucy was attired in a long hostess gown which featured matching hot pants which had been a birthday gift from her husband Ed.

Alice Towles Hosts Bridge Social Night

Thursday evening, August 26 was the social night of bridge for The Group, who met at the home of Alice Towles, 4782 Hamer Drive, Placentia.

The group meets the fourth Thursday of every month and the arrangement is alphabetical, unfortunately, states Mrs. Towles, because it seems she is always hostess during a hot month with no air conditioning, but with the aid of a fan and guests dressing comfortably the evening was a success anyway.

Guests were served their choice of wine cocktails or soft drinks and later coffee

and small sandwiches and cookies. Claire Herr was a whizz at cards Thursday evening and walked off with first prize, but Carole Gavel, the girl with "the good vibrations" ran her a close second. Jo Groth didn't mind a bit receiving low.

Members and guests for the evening were Mesdames Ellie Brown, Dorothy Fiddler, Carole Gavel, Jo Groth, Claire Herr, Beverly Johnson, Helen Patton, Gwen Ritchie, Barbara Snyder, Sandy Rowe, Joan Westburg, and Alice Towles, hostess. Regular members unable to attend were Angela de Jesus and Dottie Etheridge.

Alpha Zeta was formed and chartered in 1955 and their purpose is both philanthropic and social. For the past three years this organization has been contributing most generously to the building fund for the Placentia Boys' Club. This year \$100 was donated to the boys' camp fund and an additional check has been presented in the amount of \$300 with a pledge of striving for a goal of \$500 towards the Boys' Club building fund.

New officers who were installed at the dinner meeting were: Mmes. Dorothy Lehosky, La Mirada, as president; William Canavier, Placentia as vice-president; R. Edward Tipton, Placentia, recording

secretary; Robert Olson, Fullerton, as scribe; Ronald Newton, La Habra, as sgt. of arms; Howard Worrell, Anaheim, as social secretary; and Mrs. William McClure, La Habra, as treasurer. Mrs. McClure is the outgoing president.

Mrs. Tipton (Mary), 133 Santa Rosa Way, Placentia, was installed at the recent annual National Convention as the sgt. at arms. Mary is the first of the Alpha Zeta chapter to be elected as an officer of the national sorority. Her duties will consist of being in charge of philanthropic projects at a national level.

Sunday, August 22 marked the tenth anniversary for a family reunion for the Purcell, Wilson and McKibbin families. The potluck affair, which was held at Fairmount Park, Riverside for approximately seventy-five relatives, began at 10 a.m. and culminated around 4 in the afternoon.

Attending from Placentia were Mr. and Mrs. Melvin Stewart, son Ronnie and Ginny Brown, 16642 Pine Street and Mr. and Mrs. Dean Rapp, children Karrie, Karen and Kevin, 127

Miss Whittaker Marries Hanson

Miss Diane Sharon Whittaker, daughter of Mr. and Mrs. John S. Whittaker, 543 Hiber Circle, Placentia, became the bride of George Owen Hanson, son of Mr. and Mrs. Earl Hanson of Fort Hall, Idaho, on August 14 at 3 o'clock in the afternoon. The wedding was held in the garden of the Whittaker home and the ceremony was performed by the Reverend Jim Thompson of the Placentia Presbyterian Church.

The bride was lovely in her floor length wedding gown made of white polyester Windsong which featured an empire waistline trimmed with nylon lace and pearls.

The sleeves of her dress were straight to the elbow and then full to the wrists, which were also trimmed with lace. The scooped neckline also was trimmed with pearls. A petal cap beaded with seed pearls held her waist length nylon net veil.

Diane wore a pearl lavalier, which had been a gift from her sister Carolyn Crowley of Santa Ana, and carried a 90-year-old handmade lace handkerchief which had been lent by a family friend to her grandmother, Mrs. Joe Pendleton, Yorba Linda. Diane's bridal bouquet was made of multicolored asters with baby's breath and tied with white satin ribbon.

Maid of Honor was Miss Lori Olson of Long Beach, who was gowned in a floral

polyester dress similar in design to the bride's dress, and was trimmed with emerald green ribbon. Miss Olson carried gold mums intermingled with baby's breath.

The groom and his brother, Chuck Gaspar, who was best man, were attired in gold tuxedos with black slacks. Diane was given to George in marriage by her father and the ceremony took place under an arbor covered with pine boughs and fresh flowers.

Mrs. Whittaker, the

mother of the bride, wore a street length dress of ice blue polyester and wore a corsage of yellow baby mums.

The organist for the lovely garden wedding was Audrey Floyd who played selected traditional wedding music that had been selected by the bride. Potted flowers trimmed the walkway into the garden where the chairs had been placed for the attending guests.

The wedding cake was three tiers and was white and trimmed with gold

roses. Greenery and yellow mums surrounded the impressive cake, which had been topped with a bride and groom.

The dining table of the Whittaker home was covered with white linen and double candelabras of silver held the white tapers. The silver sugar and creamer used were given to Diane's paternal great-grandparents on their wedding day.

Small sandwiches, nuts and mints, and a gold colored vodka punch were served at the reception for 40 guests. A wedding toast was made were served at the reception for 40 guests. A wedding toast was made to the bride and groom, who were given champagne glasses with their names and wedding date inscribed on them.

Mrs. Eugene Tate was of great assistance to Mrs. Whittaker in the preparation of the wedding. Gary and Bill Whittaker assisted at their sister's wedding.

Attending from out of town were many Long Beach friends and also an Aunt, Miss Phyllis Whittaker of San Bernardino, and Diane's older brother and his wife, Mr. and Mrs. John R. Whittaker from Huntington Beach.

The bride wore a sleeveless lavender polyester dress for her honeymoon and the young couple will reside in Anaheim.

ED Class Will Hold Reunion

An active group of alumni from the class of 1970 from El Dorado High School have been most busy throughout the summer making contact with all of the students who graduated from El Dorado to attend the first class reunion which will be held on September 11 at the Huntington State Beach.

The format for the reunion will begin with forming up in the parking lot at El Dorado High School at 9:30 a.m. at which time car pools will be formed. Any class members who are unable to join in the fun in the morning are cordially invited to attend at any time of the day. There will be signs for directions posted at the beach where the group will be congregated.

Since the first reunion is a beach party, attending guests are asked to bring their own picnic lunch, footballs, guitars and "what have you" to really join in on the festivities.

Most class members have been notified by telephone, but in case anyone has been

missed, please call another classmate or the office at El Dorado for further or additional information.

Riders Club Crowns Queen

Summer days have "galloped" by at a fast pace for Cissie Kittredge, 17-year-old daughter of Mr. and Mrs. William Kittredge of Yorba Linda. Crowned Queen of the Fullerton Recreational Riders E.T.I. Corral 28 in May, Cissie represented the club at the State E.T.I. Horse Show on July 8, 9 and 10, held at Victorville.

The 36 young ladies were judged on riding ability as well as poise and personality. Each queen had a choice of riding in saddleseat, stockseat or huntseat. Cissie chose the latter and was highest scorer in this category, receiving the huntseat high point silver engraved dish.

Following the poise and personality contest the Queen and her four Princesses were announced by the judges and Cissie was awarded the title of second Princess to the E.T.I. Queen of California. She was presented with a large silver bowl with her title engraved inside and a bouquet of carnations. Cissie holds the honor of being the first huntseat princess for the Fullerton recreational Riders.

The State E.T.I. Queen and her Princesses, as well as the remaining Corral Queens, rode in a Grand Entry Parade at the horse show grounds on July 9 where there was a special salute to the Queen and Princesses.

Cissie's reign as Queen of the Fullerton Recreational Riders will continue through April. She will be

representing her club at the annual March of Dimes Horse Show on September 12 and 13. Riding in the show with queens from other horse clubs, Cissie will be in competition for Queen of the Show. The crown goes to the girl whose riding club sells the most tickets and sponsorships for the horse show. Cissie will also be present at the Fullerton Recreational Riders horse shows and will be attending various social functions as Queen.

As State E.T.I. second Princess Cissie will be

Adventureland Pre-School Sets Open House Sept. 7

Dr. Hempel has been selected Los Angeles Times "Woman of the Year," and specializes in the application of media to learner-centered systems design.

attending luncheons, riding in parades and filling in for the Queen and first Princess.

To round out the summer Cissie enjoyed a long family vacation in Savannah, Georgia, where the Kittredges visited with relatives.

Cissie will be a senior at Troy High School in September. In addition to her membership with the Fullerton Recreational Riders, she is a member and past president of the Yorba Linda Cloverleaf 4-H Club and a member of the El Rodeo Riding Club.

Adventureland Pre-school is located at the United Methodist Church, 2050 Valencia Avenue, Placentia. Dr. Hempel will begin her lecture at 10 a.m. Friday. For further information, call 528-0230. Mrs. Joseph Kenty is new director of Adventureland this fall.

John Ripley In St. Jude's After Attack

John Ripley of 1730 W. Laguna, La Habra, was admitted Saturday night, August 14, to St. Jude Hospital suffering from a heart attack. His wife, Mrs. Cleo Ripley, reported his condition is very serious. Both Mr. and Mrs. Ripley have Placentia friends. His room number at St. Jude Hospital is 405.

Librarians Will Tour White House

Members of the Santiago System of libraries, of which Placentia District Library is a part, met recently. Some most interesting news came from that meeting, according to David Snow, director of the local library facility.

The September 30 meeting will be held in San Clemente—at the White House. Members will meet at 10 a.m. in the President's offices, have a no host luncheon, and tour the grounds. Those in attendance will be checked for security, and the whole affair will have a feeling of "upper echelon."

Now, how did this all come about? That is quite a "Top Secret," but revealed through reliable sources. It seems when Vice-President Spiro Agnew and his daughter were visiting in San Clemente, the daughter went to the library in Newport.

There she found several books that she had been unable to get in Washington. Where are the books? Still back in Washington, six months overdue.

Persistence in asking that the books be returned, it is thought, brought the invitation for the tour of the White House. The books—who knows, and no one is telling. But the question is propounded, does Washington not have as forward looking librarians as California? The question, presumably, will never be answered.

Muckenthaler Center Will Present Art Show

The Fourth Annual all California juried art exhibition will be held by the Orange County Art Association at the Muckenthaler Cultural Center in Fullerton. It will coincide there with the Fullerton festival of arts. The show will open October 23 and run through November 20. Prizes are offered in cash and purchase awards of \$2000. and the show will be juried by Tom Garver of the Newport Harbor Art Museum.

Eligible are painting, sculpture and graphics.

Storlls Return Home After Vacation Trip

Returning after a vacation in northern California last week were Mr. and Mrs. Louis (Shirley) Storll and three of their children, Bonnie, Kathy and Ben.

The Storlls left early Sunday morning for a vacation that included Sequoia, Sacramento, and San Francisco.

The redwood trees of Sequoia were everyone's favorite. The family went to the San Joaquin Valley, and in Sacramento attended the California State Fair. Solvang, a Danish community, was also among the sights they saw.

A highlight for fourteen-year-old Kathy occurred at the State Fair, when she placed a bet at the horse track and won.

Entry blanks are available at the Muckenthaler Center, 119 Buena Drive, Fullerton, at various colleges in the state, from Cart and Crate, 622 N. La Peer Dr., Los Angeles and from Bruggers Fine Arts Forwarding Co., 210 W. 20th St., Los Angeles. Work must be delivered to Cart and Crate and Bruggers before October 6, or at the Muckenthaler Center October 6, 7 and 8 from 9 a.m. to 5 p.m.

Mrs. Tuggy Attends Seminar

Mrs. Arthur Tuggy, 19841 Villager Circle, Yorba Linda, returned to her home recently after attending a seminar of Christian teaching which has been originated by William Gothard. The seminar was held at the college in Wheaton, Illinois and was the advance techniques of basic youth conflicts.

A future seminar will be held in Southern California for basic information, rather than advance, at the Long Beach Auditorium in October of this year. The course is planned to show how to apply the basic principles of life according to the Bible.

Mrs. Tuggy reports that the attendance for the seminar in Illinois was more than 1,000 people not only from the United States but from foreign countries as well.

Carnival Set For Families

A carnival, featuring a haunted house and silent movies, will highlight the family fun night at Placentia Presbyterian Church this evening from 7 to 9 p.m.

Members of the senior high fellowship are sponsoring the carnival as a benefit activity for children from the Atwood area. The event will also feature various booths and a "cake walk."

Stallkamp Is Asst. Pastor At St. Juliana

Louis Stallkamp will begin his duties as new assistant pastor at St. Juliana Catholic Church in Fullerton on September 6.

Father Stallkamp is presently serving at St. John of God Church in Norwalk.

Friends Enjoy Picnic, Games; Collect Papers

The Pioneer Park on Sunkist Street in Anaheim was the scene of a "Family Night at the Park" for members of the Rose Drive Friends Church of Yorba Linda last Friday evening.

Festivities included a picnic, volleyball and softball. Children played in the park's special play area and the evening concluded with everyone sharing in the fellowship.

The following day, August 28, securely tied newspapers were collected in the church's parking lot to be taken to the Whittier Friends Church. The paper drive is to help finance camp expenses for young people in the Inner City Ministries area.

On September 11, at 3:30 p.m. the annual Sunday School picnic festivities of the church will begin. Families will bring their own potluck suppers with the Sunday School furnishing drinks.

Plans Are Underway For Fiesta Days Booth

Plans are well under way for one of the booths the United Methodist Church of Yorba Linda will feature during the town's Fiesta Days Celebration, October 30.

The United Methodist Youth Fellowship and adults are meeting in the home of committee chairman Marg Landfield to sew up a storm of Halloween costumes. All types of fun things for trick or treaters to wear are being created so that the booth will be well stocked.

This year all the church's booths will be set up in the shady Bank of America

Circle Group Will Meet At Area Church

The circle meeting for the Ladies Missionary Guild will be held at Placentia's Calvary Church tomorrow morning at 10.

Women of the community are invited to assist in the group's activities, which include rolling bandages and sewing for various mission groups throughout the world. Items are sent to missions among the Navajo Indians of Arizona, as well as to overseas missions.

Brumfield Leaves Hospital

Dr. J. C. Brumfield, pastor of the Faith Baptist Church of Yorba Linda, is recovering from surgery at Fullerton Community Hospital.

Surgeons put a "dacron patch on his aorta," according to a church spokesman. Dr. Brumfield is out of the intensive care unit but may not receive visitors until he returns home, and then only on a restricted basis.

Due to the pastor's operation and possible future surgery, the church has set up a blood bank with the American Red Cross in the church's name. Credit may be used by any member and donations may be made at the Santa Ana

Chapter, 601 N. Golden Circle, Santa Ana, until 3:30 p.m. Appointments may be made by calling 835-5381.

In Dr. Brumfield's absence, Van Parunak has been carrying out the church's ministerial duties.

He returned to the seminary in Dallas after last Sunday's services to begin fall classes there on Monday.

Other pastors will be taking the pulpit during Dr. Brumfield's recuperation, the first one being Richard Berry on September 5.
